HOUSE PANEL CLEARS CONTRACT TOWER CONSTRUCTION BILL

The House Transportation and Infrastructure Committee on April 24 approved H.R. 1979, legislation that would make contract tower construction and equipment eligible for Airport Improvement program (AIP) grants.

While Republicans supported the entire bill, Democrats, led by Rep. James Oberstar (D-Minn.), raised strong objections to a provision that would allow 20 airports that have built contract towers since October 1996 to apply for reimbursement through the AIP program. Oberstar argued that these airports should not receive AIP reimbursement for towers already built.

Committee Chairman Don Young (R-Alaska) and other Republicans argued that these airports took a proactive safety approach by building towers and should have the option to use their entitlements for reimbursement.

Oberstar offered an amendment to strike the reimbursement provision, which was defeated 35-34 on a straight party line vote. The entire bill, including the reimbursement provision, was approved by the full committee by voice vote.

Those voting to support Oberstar's unsuccessful at-

tempt to strike the reimbursement provision were Democrats: Oberstar, Nick Rahall (W.Va.), Robert Borski (Pa.), William Lipinski (Ill.), Peter DeFazio (Ore.), Bob Clement (Tenn.), Jerry Costello (Ill.), Eleanor Norton (District of Columbia), Jerrold Nadler (N.Y.), Robert Menendez (N.J.), Corrine Brown (Fla.), James Barcia (Mich.), Bob Filner (Calif.), Sam Johnson (Texas), Frank Mascara (Pa.), Gene Taylor (Miss.), Juanita Millender-McDonald (Calif.), Elijah Cummings (Md.), Earl Blumenauer (Ore.), Max Sandlin (Texas), Ellen Tauscher (Calif.), William Pascrell (N.J.), Leonard Boswell (Iowa), James McGovern (Mass.), Tim Holden (Pa.), Nicholas Lampson (Texas), John Baldacci (Maine), Marion Berry (Ark.), Brian Baird (Wash.), Shelley Berkley (Nev.), Brad Carson (Okla.), James Matheson (Utah), Michael Honda (Calif.) and Richard Larsen (Wash.).

Those opposing Oberstar's motion were Republicans: Don Young (R-Alaska), Thomas Petri (Wis.), Howard Coble (N.C.), Steve Horn (Calif.), John Mica (Fla.), Jack Quinn (N.Y.), Vernon Ehlers (Mich.), Spencer Bachus (Ala.), Steven LaTourette (Ohio), Sue Kelly (N.Y.), Richard Baker (La.), Bob Ney (Ohio), Frank LoBiondo (N.J.), Jerry Moran (Kan.), Richard Pombo (Calif.), Jim DeMint (S.C.), Mike Simpson (Idaho), Johnny Isakson (Ga.), Robin Hayes (N.C.), Robert Simmons (Conn.), Michael Rogers (Mich.), Shelley Capito (W.Va.), Mark Kirk (Ill.), Henry Brown (S.C.), Timothy Johnson (Ill.), Brian Kerns (Ind.), Dennis Rehberg (Mont.), Todd Platts

Airports eligible for reimbursement under the legislation as approved by the committee are: Chandler, Ariz.; Laughlin/Bullhead City, Ariz.; Bentonville, Ark.; Waterbury/Oxford, Conn.; Boca Raton, Fla.; Kissimmee, Fla.; St. Augustine, Fla.; Savoonga (Stuart) Fla.; Titusville/

Cocoa Beach, Fla.; Gwinnett County, Ga.; Garden City, Kan.; Manhattan, Kan.; Salisbury, Md.; Tupelo, Miss.; Gallatin Field, Mont.; Kalispell, Mont.; Concord, N.C.; New Bern, N.C.; Sugarland, Texas, and Jackson Hole, Wyo.

AVIATION GROUPS SEEK FUNDING FOR CONTRACT TOWERS

A number of aviation organizations, including AAAE and the U.S. Contract Tower Association, have written to the leadership of the House and Senate Appropriations Committees, voicing support for \$78 million in funding for FAA's Contract Tower Program and \$6 million for the contract tower cost-sharing program in the fiscal year 2003 DOT/FAA appropriations bill.

The organizations noted that 217 airports in 46 states currently participate in the contract tower program, which has benefitted from consistent bipartisan backing in Congress. The track record of the program at visual flight rule airports, which dates back to 1982, shows that it improves ATC safety, efficiency and security; enhances regional airline service opportunities in rural areas; provides some \$50 million in annual ATC cost avoidance, and increases economic productivity in smaller communities nationwide, they said. Further, the program's track record has been validated in several comprehensive audits by DOT's Inspector General and is endorsed by participating airports and aviation system users.

Other organizations that signed the letters are the Air Transport Association, General Aviation Manufacturers Association, Regional Airline Association, National Business Aviation Association, ACI-NA, Cargo Airline Association, National Association of State Aviation Officials, National Air Transportation Association, Air Traffic Control Association and the National Air Carrier Association.

CONTRACT TOWER COST-SHARING ATTRACTS NUMBER OF AIRPORTS

Twenty facilities were participating in FAA's contract tower cost-sharing program as of May 1.

They are: New Century Air Center (Kan.), Manhattan (Kan.), Garden City (Kan.), Central Nebraska/Grand Island (Neb.), Bolton Field (Ohio), McKellar-Sipes Regional (Tenn.), Hickory Regional (N.C.), Concord (N.C.), Grand Strand/Myrtle Beach (S.C.), Springdale Municipal (Ark.), South Lake Tahoe (Calif.), Shreveport

Downtown (La.), Muncie (Ind.), Columbus (Ind.), Bloomington (Ind.), Henderson (Nev.), Jefferson City (Mo.), Latrobe (Pa.), Victorville (Calif.) and Stillwater (Okla.).

Other towers expected in the near future to participate in the cost-sharing program are: Beaver County (Pa.), Olive Branch (Miss.), and Knoxville Downtown (Tenn.).

For information on contract tower cost-sharing, contact your FAA regional representative (listed on page 7 in this issue), or Willie Card, FAA Contract Tower Program manager, at (202) 267-9336, or fax (202) 493-5016.

CONTRACT TOWER ASSOCIATION GAINS FOUR NEW MEMBERS

The newest members of USCTA are New Smyrna Beach (Fla.) Municipal Airport, Valdosta (Ga.) Regional Airport, Eastern Oregon Regional Airport and Weather Services International, Inc.

Spencer Dickerson, executive vice president of AAAE, is executive director of the USCTA. Consultants to USCTA are Linda Hall Daschle and Bert Randall of Baker Donelson Bearman & Caldwell; Patrick McCann of McCann Capitol Advocates, and Larry Barnett of AB Management Associates.

Members of the 2002 USCTA Policy Board are: Jack Schelter, A.A.E., deputy director of aviation, Phoenix Sky Harbor International Airport, chair; Bryan Elliott, A.A.E., executive director, Charlottesville Albemarle Airport Authority (Va.); James Hansford, A.A.E., manager, Central Wisconsin Airport; Tim Rogers, A.A.E., executive director, Salina Airport Authority (Kan.); Ted Soliday, executive director, Naples, Airport Authority (Fla.); Steve Stockam, manager, Joplin Regional Airport (Mo.); Michael Covalt, manager, Flagstaff Pulliam Airport (Ariz.); Lynn Kusy, executive director, Williams Gateway Airport (Ariz.); Walt Strong, C.M., administrator, Max Westheimer Airport (Okla.); Richard Howell, A.A.E., director, S.W. NEWSPAPER ARTICLES ABOUT FAA'S CONTRACT TOWER PROGRAM

Committee Rebutts Effort To Pull XNA Reimbursement Dollars *The Bentonville Morning News, April 25*

A House committee narrowly defeated an amendment Wednesday that would have barred the Northwest Arkansas Regional Airport from tapping into federal funds to pay for its air traffic control tower.

The Arkansas airport is one of about 20 airports seeking to use money it receives each year from the Federal Aviation Administration to reimburse itself the \$677,000 it spent to build the 57-foot, 11-inch tower four years ago.

Democrats said paying airports for work already completed is "bad policy" and could drain airport funds earmarked for other projects, such as runway extensions and security measures.

"Every airport needs more money and since that particular facility is already built we should apply that money to other capital needs," said Rep. Marion Berry, D-Gillett, who voted against allowing the Highfill airport to get a reimbursement.

"This is a windfall benefit to some 26 eligible airports," added Rep. James Oberstar (D-Minn.). "The idea we should go back and compensate people for something they knew they wouldn't be reimbursed for and to use scarce dollars for reimbursement is not consonant with good aviation policy."

Oberstar warned lawmakers who vote to reimburse airports they should not ask for additional federal funding.

He listed four airports with spending requests before the committee, including Northwest Arkansas Regional Airport, which is seeking \$56 million for construction, perimeter fencing and development of another runway.

"You paid all this money for something that wasn't eligible, so don't come back and say there wasn't enough money to build that runway," Oberstar said.

The Northwest Arkansas Regional Airport, also known as XNA, received \$2.6 million in airport improvement funds for fiscal 2002, according to the FAA.

The House Transportation and Infrastructure Committee voted along party lines, 35-34 against a Democrat effort to strip the "payback" provision.

"I believe the amendment penalizes small airports," said Rep. Don Young (R-Alaska), the committee chair. "If they had delayed (building towers) we don't know what would have happened."

Rep. John Boozman, R-Rogers, who represents Northwest Arkansas, said airports should be permitted to use federal dollars for projects they see fit.

"For me, it's an issue of local control," Boozman said. "We should allow an airport to use that money for the projects it wants."

The bill has the support of airport managers, including XNA head Kelly Johnson, who said last week the legislation also would enable the airports to upgrade their tower equipment, another expense now paid for by the local airports.

"The airports feel strongly that they took a proactive stance to enhance airport safety at a time when they didn't have a tower and weren't able to get any money from the federal government," said Spencer Dickerson, executive director of the American Association of Airport Executives. "They used their own money."

The Senate approved an air traffic control tower bill last year, but it would not permit XNA from collecting money for its tower.

**Contract Tower Backers Want 10%
Funding Boost In Fiscal 2003**
Airports Newsletter, April 30

Eleven aviation groups have banded together to urge House and Senate appropriators to provide more funding for the contract tower program in the fiscal 2003 budget, and to continue funding a separate cost-sharing account to ensure those operations can continue. Groups joining the American Association of Airport Executives and the U.S. Contract Tower Association in a letter sent to key

lawmakers include the Regional Airline Association, the Air Transport Association, Airports Council International-North America and the National Air Transportation Association.

The contract tower program allows towers, typically smaller ones, to be run by private firms at lower cost than an FAA operation, allowing towers to operate that might otherwise have to close. The groups asked appropriators, who make most of the final spending decisions before sending bills to the floors of the House and Senate, to provide \$78 million for the contract tower program for fiscal 2003, which would allow some additional non-federal towers to be added to the program and permit some new towers to be built, Spencer Dickerson, executive vice president at AAAE and executive director of the U.S. Contract Tower Association, told *Airports*. That compares to \$70.5 million in the current budget. The groups's \$6 million cost-sharing program recommendation would fund this in 2003 at the same level as currently. Cost-sharing splits the cost between the local operator and the FAA according to a cost-benefit formula. Twenty-one towers are in that program, and more than 200 airports in 46 states are in the entire contract tower program.

FAA Contract Tower Program Workshop

July 14-16, 2002 • Washington, D.C. • Mtg. #020702

The Federal Aviation Administration (FAA) Contract Tower Program has been in place since 1982 and currently provides for the contract operation of air traffic control (ATC) services at 210 control towers. The program continues to receive high marks from the Department of Transportation (DOT) Inspector General (IG), Congress and the National Transportation Safety Board (NTSB). FAA is also implementing the cost-sharing program for some airports that fall below the eligibility criteria for contract towers.

To assist airports that currently are in the contract tower program and those that are interested in participating in the program, FAA headquarters, AAAE and AAAE's affiliate organization the U.S. Contract Tower Association (USCTA) are pleased to present a special management workshop on the contract tower program, July 14-16, 2002, in Washington, D.C.

Airport management at current contract towers, non-federal control towers, ATC companies, aviation users and other officials interested in the contract tower program do not want to miss this special opportunity to learn more about this program. Speakers will include airport directors from facilities that currently have contract towers, FAA, representatives from controller organizations, congressional staff, NTSB and DOT IG staff and officials from ATC companies.

Topics for the workshop will include procedures and plans for future contract towers; the status of the NATCA lawsuit; the contract tower cost-sharing program; the role of the local airport operator and FAA in the contract tower program; contract tower liability insurance issues; review of the benefit/cost criteria used in the program; perspective of the program from the viewpoint of controllers and aviation users; tower maintenance issues; the Congress', DOT IG's and NTSB's perspective on the program; contract tower equipment issues; an update on how ATC companies operate, and future contract tower issues and trends. Airports and FAA representatives will have ample time to discuss and debate the challenges associated with the program. Past workshops have resulted in substantive changes and enhancements to the program from an airport operator perspective.

Time is reserved after 2 p.m. on Monday, July 15, for individual airports to meet with their congressional representatives about the importance of the contract tower program. These meetings are encouraged and should be set up prior to coming to the workshop. Call Spencer Dickerson, AAAE/USCTA, (703) 824-0500, Ext. 130, if you need any assistance.

All sessions will take place at the historic Willard Intercontinental Hotel in downtown Washington, D.C. This special management workshop will begin with a reception at 6:30 p.m. (early registration will begin at 6 p.m.) Sunday, July 14. Workshop sessions will begin at 8:45 a.m. on Monday, July 15, and end at 12:30 p.m. on Tuesday, July 16.

The registration fees include all handouts, coffee breaks, one lunch and the welcome reception. Confirmation of your registration will be faxed prior to the meeting. For additional registration information, contact Kate Hood, AAAE, at (703) 824-0500, Ext. 174, or e-mail kate.hood@airportnet.org. For further program information, contact Spencer Dickerson at (703) 824-0500, Ext. 130, or e-mail spencer.dickerson@airportnet.org. Table top displays and sponsorship opportunities are also available. **Contact Spencer Dickerson** at (703) 824-0500, Ext. 130, or e-mail spencer.dickerson@airportnet.org.
