NEWSLETTER

A PUBLICATION FROM THE AMERICAN ASSOCIATION OF AIRPORT EXECUTIVES

Volume 5, Number 5

September-October 2001

The aviation industry has changed dramatically since we published the last issue of the U.S. Contract Tower Association newsletter.

Despite the tragic loss of life and property on Sept. 11, the terrorist attacks on the U.S. demonstrated the best qualities of America and the American aviation community.

FAA-operated air traffic control towers, as well as the 206 FAA contract towers and the 1,200-plus contract tower controllers, proved to be an integral part of the remarkable effort to bring thousands of civilian aircraft safely to the ground on Sept. 11.

The air traffic controllers at FAA-operated towers and contract controllers at FAA contract towers who were on duty during those tense hours are worthy of the highest praise for their professionalism, responsiveness and critical thinking in a time of great stress. We salute them.

## **ACTION DELAYED ON DOT/FAA APPROPRIATIONS BILL**

As Congress recessed for the Thanksgiving holiday, no final action had yet occurred on the fiscal year 2002 DOT/FAA appropriations bill.

The U.S. Senate approved its version of the appropriations bill before lawmakers left Washington for the August recess and provided full funding of \$70.5 million for FAA's regular Contract Tower Program, plus \$6 million for the cost-sharing program.

In report language accompanying the bill, the Senate Appropriations Committee said that it continues to support the contract tower program and the cost-sharing program "as a cost-effective way to enhance air traffic safety at smaller airports."

The committee said further that its recommended funding "includes \$70.5 million to fund the existing contract tower program, the remaining eligible non-federal towers not currently operated by the FAA and other non-towered airports eligible for the program. In addition to these resources, \$6 million is provided for the contract tower cost-sharing program. The committee has been informed that the St. Cloud, Minnesota Airport and the Tuscaloosa Airport qualify for inclusion in the contract tower cost-sharing program and the committee recommendation includes funding for their participation."

The Senate bill also contains full funding of \$3.3 billion for the Airport Improvement Program (AIP). Other provisions in the bill provide full funding of \$2.914 billion for FAA's Facilities and Equipment account and \$6.916 billion for FAA Operations. The House approved its version of the bill on June 26 and provided \$6 million for the contract tower cost-sharing program.

## **POST-SEPT. 11 TRAFFIC DECREASES WON'T IMPACT B/C RATIO**

Temporary air traffic decreases resulting from the Sept.

11 terrorist attacks won't impact the benefit/cost (B/C) ratio at FAA contract towers, the FAA Contract Tower Office has determined.

Concerns had been raised by small airports over the impact of the loss in traffic due to the downturn in travel in the immediate aftermath of the attacks. USCTA staff has worked closely with FAA's Contract Tower Office and is pleased to report that FAA has ruled the loss of traffic in the immediate aftermath of the terrorist attacks will not be factored in the calculation of B/C ratios for FAA contract towers.

## **AIRPORTS MAY REQUEST TO BE NAMED ON INSURANCE POLICY**

One of the issues that came out of the recent contract tower workshop was the request by airports to be named as an "additional insured" on the insurance policy that covers the ATC contractors involved in the FAA Contract Tower Program. The policy provides \$10 million in liability coverage.

FAA has purchased a group insurance program for this coverage from ACE Property and Casualty with Marsh as the broker. This coverage is only for airports with FAA contract towers, regardless of whether it is a FAA-owned facility or an airport-owned facility.

If you would like to receive a certificate showing your airport as an additional insured, please contact Kim Lloyd of Marsh at (202) 263-7767, fax (202) 263-7700, or e-mail Kim.E.Lloyd@marsh.com. Include your complete title, address, phone, fax and e-mail. Lloyd will issue a certificate specifically showing your airport as an additional insured.

## **SUPPORT GROWS FOR AIP FUNDS FOR CONTRACT TOWERS**

AAAE and the U.S. Contract Tower Association are supporting legislation in Congress to make VFR control tower construction and tower equipment at contract tower airports-only eligible for Airport Improvement Program (AIP) entitlement funding. This proposed legislation would apply to prospective contract tower construction projects and equipment, as well as contract towers constructed and equipped since Oct. 1, 1996.

Although the legislation, like other non-security related bills, was set on the sidelines after the Sept. 11 terrorist attacks, we are confident that this provision will be considered again when Congress returns in January 2002.

Rep. Roger Wicker (R-Miss.) introduced H.R.1979 to make contract tower construction/equipment eligible for airport improvement program (AIP) grants. The bill

would also make equipment, such as terminal radar displays, radios and voice switching devices, AIP eligible in all current FAA contract towers.

As of Oct. 29, the following 58 House members had signed on as co-sponsors of Wicker's bill:

Robert Aderholt (R-Ala.), Bob Stump (R-Ariz.), Ed Pastor (D-Ariz.), Jeff Flake (R-Ariz.), J.D. Hayworth (R-Ariz.), Wally Herger (R-Calif.), John Doolittle (R-Calif.), Mark Udall (D-Colo.) Dave Weldon (R-Fla.), Karen Thurman (D-Fla.), Clay Shaw (F-Fla.), Ric Keller (R-Fla.), Jack Kingston (R-Ga.), Sanford Bishop (D-Ga.), Neil Abercrombie (R-Hawaii), Patsy Mind (D-Hawaii), Mike Simpson (R-Idaho), Ray LaHood (R-Ill.), Jerry Weller (R-Ill.), Mark Kirk (R-Ill.), Lane Evans (D-Ill.), Jerry Moran (R-Kan.), Jim Ryun (R-Kan.), Todd Tiahrt (R-Kan.), Dennis Moore (D-Kan.), Jim McCrery (R-La.), John Cooksey (R-La.), Roscoe Bartlett (R-Md.), Charles Pickering (R-Miss.), Ronnie Shows (D-Miss.), Bennie Thompson (D-Miss.), Gene Taylor (D-Miss.), Ike Skelton (D-Mo.), Dennis Rehberg (R-Mont.), James Gibbons (R-Nev.), John McHugh (R-N.Y.), Walter Jones (R-N.C.), J.C. Watts (R-Okla.), Wes Watkins (R-Okla.), Darlene Hooley (D-Ore.), Philip English (R-Pa.), Melissa Hart (R-Pa.), John Peterson (R-Pa.), Tim Holden (D-Pa.), Jim DeMint (R-S.C.), Bart Gordon (D-Tenn.), Tom DeLay (R-Texas), William Thornberry (R-Texas), Henry Bonilla (R-Texas), Ralph Hall (D-Texas), Martin Frost (D-Texas), Charles Stenholm (D-Texas), Chris Cannon (R-Utah), Virgil Goode (I-Va.), Eric Cantor (R-Va.), George Nethercutt (R-Wash.), Doc Hastings (R-Wash.) and Barbara Cubin (R-Wyo.).

## **CONTRACT TOWER COST-SHARING ATTRACTS NUMBER OF AIRPORTS**

Eighteen facilities were participating in the contract tower cost-sharing program as of Nov. 15.

They are: New Century Air Center (Kan.), Central Nebraska/Grand Island (Neb.), Bolton Field (Ohio), Olympia (Wash.), McKellar-Sipes Regional (Tenn.), Hickory Regional (N.C.), Grand Strand/Myrtle Beach (S.C.), Springdale Municipal (Ark.), Salinas Municipal (Calif.), Shreveport Downtown (La.), Muncie (Ind.), Garden City (Kan.), Bloomington (Ind.), South Lake Tahoe (Calif.), Concord (N.C.), Henderson (Nev.), Jefferson City (Mo.) and Columbus (Ind.).

Other towers expected in the near future to participate in the cost-sharing program are: Latrobe (Pa.), Beaver County (Pa.), Olive Branch (Miss.), Chennault (La.) International, Stillwater (Okla.), Victorville (Calif.), Manhattan (Kan.) and Knoxville Downtown (Tenn.).

For more information on contract tower cost-sharing,

contact your FAA regional representative (listed on page 7 in this issue), or Willie Card, FAA Contract Tower Program manager, at (202) 267-9336, or fax (202) 493-5016.

## **RVA CONTROLLER RECEIVES FAA AIR TRAFFIC EXCELLENCE AWARD**

Phil Deitsch, a controller at the Ithaca (N.Y.) Airport tower, and an employee of RVA, Inc., received FAA's Eastern Region Air Traffic Excellence Award in July.

In a letter to Deitsch, FAA said the award was in recognition for Deitsch's performance on June 19, when he cleared an aircraft to land and noticed that it appeared the aircraft did not have its wheels down and advised the pilot.

In a letter of commendation, FAA stated, "The pilot replied he had a good indication, however, as a precaution he went around. After the go-around, he made a low approach and you observed nothing extended. On the upwind leg of the pattern, the pilot stated he had completed the manual recycle of the wheels and landed without further incident. It was a textbook emergency, pager activated, CFR responded quickly, and everything was handled routinely. With the efforts of controllers like you, who constantly display dedication and professionalism, our air traffic system is without a doubt the safest in the world."

## **CONTRACT TOWER ASSOCIATION GAINS NEW MEMBERS**

The newest members of USCTA are Ellington Field in Houston, Wood County Airport in Parkersburg, W. Va., Chennault International Airport in Lake Charles, La., and Double Eagle II Airport in Albuquerque, N.M.

Members of the USCTA Policy Board for 2001 are: Jack Schelter, A.A.E., deputy director of aviation at Phoenix Sky Harbor International Airport, Chair; Rick Baird, manager of Friedman Memorial Airport in Hailey, Idaho; Shane Cordes, president and CEO of Midwest ATC; Michael Covalt, manager of Flagstaff (Ariz.) Pulliam Airport; Bryan Elliott, A.A.E., executive director of the Charlottesville, Va., Albemarle Airport Authority; Bill Gatchell, C.M., airports supervisor, Lea County Airports, N.M.; James Hansford, A.A.E., manager of the Central Wisconsin Airport; Richard Howell, A.A.E., director of S.W. ## **PILOT PRAISES CONTROLLERS AT FLORIDA'S ALBERT WHITTED**

RVA Inc. recently received the following letter from Don Saunders, president of Saunders Construction Co. in St. Petersburg, Fla., in appreciation for RVA's control tower staff at Albert Whitted Airport.

The letter stated, "First let me say that the number of

times I have written a letter personally I can count on one hand. The reason is, I don't have the luxury of time to write letters. However, when a person or group of persons does an outstanding job, I believe in giving credit where credit is due. The staff you have at Whitted tower is unbelievable. They are the most professional and personable bunch of controllers I have ever worked with.

"Whether I am flying my piper Malibu or my J-3 Cub, the staff in the tower gives the same timely and professional service. I would hope that these individuals are properly rewarded for their service. They deserve the highest praise and thanks for a job well done. I am sure that if you took just ten minutes to walk the field at Whitted, you would discover the high regard your men are held in. It is such a pleasure to have controllers that do their job correctly with personality. So many controllers have no more personality than a stalk of celery. These guys make flying safe and enjoyable. Please thank them for me."

## **12 RVA TOWERS RECEIVE PERFECT EVALUATION SCORES**

RVA Inc., during the January-September period this year, had 12 facilities that received perfect FAA full facility evaluations.

Further, the Iberia (La.) Parish Airport Authority passed a resolution praising the tower staff of the Acadiana Regional Airport for receiving a perfect score on the FAA evaluation. The resolution stated that, "Acadiana Tower as a federal contract control tower has performed in an outstanding manner in FAA's evaluation of tower management." The Acadiana tower controllers are employed by RVA Inc.
